

100

Canceling 100 Catalogs saves one tree.

Did you know that 358 catalogs come from one tree? If you cancel 100 catalogs and they don't show up in the mail four times in the next year, you've saved one tree! Nice!

2000

Canceling 200 Catalogs saves two trees.

Did you know that 53 million trees are cut down each year to make sales catalogs? That's like clear cutting 2,000 Central Parks per year.

300

Canceling 300 Catalogs saves 120 gallons of water.

Did you know that 28 billion gallons of water a year go into making paper for sales catalogs each year? That's 1.5 gallons per catalog.

400

Canceling 400 Catalogs slows global warming.

Did you know that 5.2 million tons of carbon dioxide goes into the atmosphere from catalog production? That's the same as 2 million cars worth of emissions.

500

Canceling 500 Catalogs is just plain awesome!

Did you know that according to catalog company research 95% of the catalogs they mail out are unwanted? Ick!!

600

Canceling 600 Catalogs saves six trees.

Did you know that trees help clean our air as they absorb the greenhouse gas carbon dioxide and turn it into oxygen that we breath? Trees also provide habitat for many animals and can keep our homes cool by providing shade.

700

Canceling 700 Catalogs saves lots of energy.

Did you know that 38 trillion BTUs of energy are used each year to make catalogs. That's enough energy to power 1.2 million homes!

800

***Canceling 800 catalogs means your school is officially green!
You are almost to 1,000! Keep up the amazing work!***

900

Canceling 900 Catalogs is like taking one car off the road for six months in terms of carbon dioxide emissions saved.

1,000

*Canceling 1000 Catalogs saves 10 trees
and over 6,000 gallons of water.*

**Did you know that the solution to global warming is YOU?
You, with your family and friends, have the power to protect our
planet for future generations.**
